With Either Religion Or Politics, Here He Takes Leave Of Both The Preoccupations And Uses

Maulana Azad is considered one of the greatest Urdu writers of the 20th century. He has written many books including India Wins Freedom, Ghubar-e-Khatir, Tazkirah, Tarjumanul Quran, etc. It is often said that his book India wins Freedom is about his political life and Ghubar-e-Khatir deals with his social and spiritual life.

Abul Kalam Azad (1888-1958)--President of the Indian National Congress from 1939 to 1946, outspoken opponent of Jinnah and Partition, symbol of the Muslim will to coexist in a secular India, and scholar and intellectual--was one of modern India's most important leaders. This first substantial biography of Azad in English charts his many contributions to the intellectual, political, and religious heritage of modern India, revealing important continuities in his life and thought.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread

and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

A. P. J. Abdul Kalam became President of India in July 2002. He came to the highest office in the land with doubts being cast on the wisdom of appointing a non-politician, even if it was someone as distinguished as him (he is a recipient of the Bharat Ratna for his work on India's space and defence programmes), to the post. What followed, however, was a remarkable presidency that in the next five years transformed the way people looked at this office, and made Kalam popular in a way few politicians have been. Rashtrapati Bhavan became a much more accessible place in his time, and his enthusiasm for his favourite cause—a developed and strong India—infected all those who came in touch with him. While the reasons for his popularity will be analysed for a long time, P.M. Nair, who was his Secretary, shows through a series of vignettes in *The Kalam Effect* some of the probable causes. One of them being that Kalam is just a very special human being. P.M. Nair had a long and varied career in the IAS, which he joined in 1967. In July 2002 he was appointed Secretary to the President and continued in that position all through the five years of A.P.J. Abdul Kalam's tenure at Rashtrapati Bhavan.

Maulana Azad was the first education minister of India and a dynamic individual with multiple facets to his personality. He is equally known as one of the foremost freedom fighters, an Urdu poet who also wrote treatises on philosophy and religion. Azad had hoped to lead not only the Muslims but all Indians to freedom. From 1903, when he picked up his pen to launch his first journal, till Partition, he never lost sight of his larger constituency-all Indians, regardless of religion. Why then is one who aspired and worked for national leadership remembered only as the leader of the Muslims of India? Why then did he lose to Jinnah, an individual who generally stood for everything which ran contrary to his beliefs? In this thought-provoking work, Syeda S. Hameed takes a fresh look at the works, politics, and life of Maulana Abul Kalam Azad.

This textbook arms the reader with powerful techniques of Modern TRIZ self-training and real problem solving. It is designed as a simple and efficient, step-by-step crash course in primary TRIZ models based on the author's methods of extraction and reinvention, or retrieval of invention models from any real-life objects. Special content addresses the psychological support of the person during problem solving and promotion of the new idea to realization. The book introduces the so-called Theory of Developing the Creative Personality (TDCP), initiated but not

completed by Genrikh Altshuller, father of TRIZ and TDCP. The textbook continues to develop a simple standard model presentation of the problem solving process with a four-step Meta-Algorithm of Invention (MAI) T-R-I-Z.

Vikram Patel, son of a famous Jeweler in Ahmedabad shoots himself on Diwali night, just before a month from his wedding. The police close the case, citing personal problems as the reason as mentioned in the suicide note. But the victim's fiancé is not satisfied and wants to know the real reason. She hires a private detective to solve the case. Will the twenty-six years old detective, Ghanshyam Shastri be able to solve this case, which is also the first case of his life? Join the investigation with him.
